

SPECIALISATION

- E-Commerce
- Java
- SpringBoot
- security management
- Software Testing
- Selenium Framework
- .Net
- Selenium

KEY SKILLS

- Problem Solving
- Fast Coding
- Good Listener
- .Net Framework
- Good Listener
- Fast Learning
- Front-End and Back-end

Oliger SHEHI

Software Developer

PROFESSIONAL HISTORY

RPA Developer

Teleperformance Albania

- As an RPA Developer at Teleperformance, I apply my skills in Python, UiPath, Java, and network administration to automate business processes and improve operational efficiency. I have over one year of experience as a Software Engineer, where I developed and maintained web applications using Java and Spring Boot. I am currently pursuing my Master of Science degree in Information Technology at the University of Tirana, where I also obtained my Bachelor's degree in the same field. I have also completed a networking course at the Harry Fultz Institute and a Java Full Stack course at Software Development Academy, enhancing my knowledge and abilities in software development. I am passionate about learning new technologies and solving complex problems, and I strive to deliver high-quality solutions that meet the needs and expectations of the clients.
